

Smatree Adjustable Jaws Flex Clamp Mount

What is it?

General Description

- A flexible gooseneck clamp mount
- Clamp opens to 1.8"/4.6cm wide for installation.
- Length of the gooseneck: 13.4"/34cm
- Can be adjusted to the desired angle
- Mini tripod head rotates 360°.
- Suitable for mounting a lightweight object such as Kodak PixPro Camera (0.9lb/400g) or GoPro (4oz/120g)
- Not suitable for mounting a tablet/iPad or anything heavier and larger than that

Supports students who...

- Need to mount a light camera such as Kodak PixPro Camera for distance viewing
- Are looking for a mount that takes up less desk space than a tripod or stand
- Need to get different angles (e.g. around the classroom)
