### PICTURIZE

Symbols are available for visual support

### WRITING GRIDS

Sentence sets and connect sets are available to scaffold writing

### CLICKER BOOKS

Provides reading support through speech feedback and word highlighting. It also allows students to write their own customized books.

### CLICKER BOARDS

Use Clicker Boards to plan and develop ideas before writing

### DICTATION

Built-in dictation

### SECONDARY FOCUS

Resources are available for secondary school content

### WORD BARS

Use/create word banks for student to use in their documents

### DOCREADER

Have PDF or DOCX documents read aloud. If the PDF is editable, student can click on the editable text boxes to type and also use the predictor if needed.

### WORKSPACE

Students can create mind maps to aid their writing and organization

### EXAM ACCESS

Allows students to have customized profiles to aid them in taking exams offline. Exam access allows students to have access to dictation and DocReader.

### ADDITIONAL TOOLS

Under the Options tab, click on Display, and then Tools to enable Sound Shift, Enter, Delete
