

Clicker Writer – Creating a Word Bank

Introduction

In this tutorial you will be able to create a word bank that is geared towards a particular subject area. It is geared towards students who are using a keyboard but require more support with difficult vocabulary.

Learning Objectives

Completion of this tutorial will give you experience with the following:

• How to create a word bank using the Clicker Writer app on the iPad

This tutorial assumes that you have

• Installed the Clicker Writer app on the iPad

Case Study

Lucy is a grade 5 student who needs support with her writing. She requires word prediction to be able to write about various topics. Her teacher wants to create a word bank on the Clicker Writer app so she can use the appropriate subject-specific vocabulary in her writing.
