

### Adding a grid set to Grid 3 using Online Grids

### Introduction

In Grid 3, users can download and add grid sets from the Smartbox Community using Online Grids. These grid sets are publicly accessible by any user who has a Smartbox account.

### **Learning Objectives**

Completing this tutorial will give you experience:

• Searching for and downloading Grid 3 grid sets from Online Grids.

#### This tutorial assumes that

- Users have Grid 3 installed on their computer.
- Users have signed up for a Smartbox account.
