

Setting Up a Smartbox Account

Introduction

Setting up a Smartbox account is essential for accessing services such as syncing your Grid 3 settings across devices, accessing resources, and receiving updates. Here's a step-by-step guide to creating a Smartbox account.

Learning Objectives

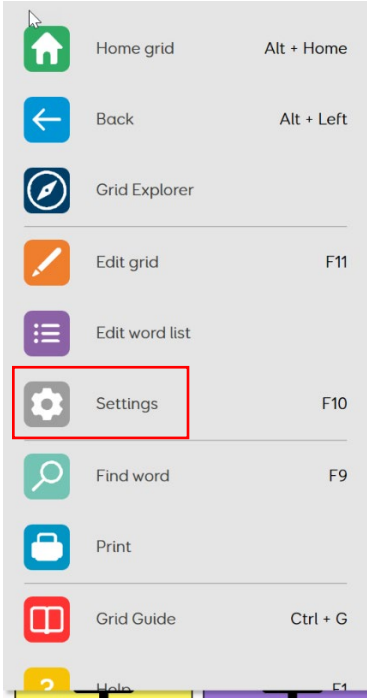

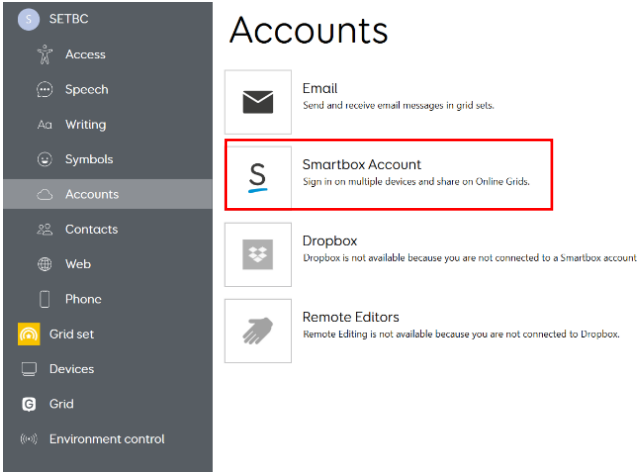

Completing this tutorial will give you experience:

- Setting up a Smartbox account.

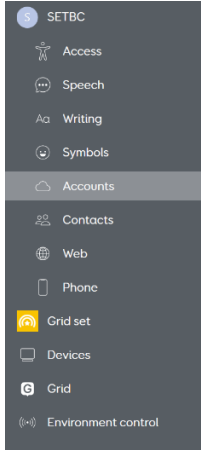

This tutorial assumes that

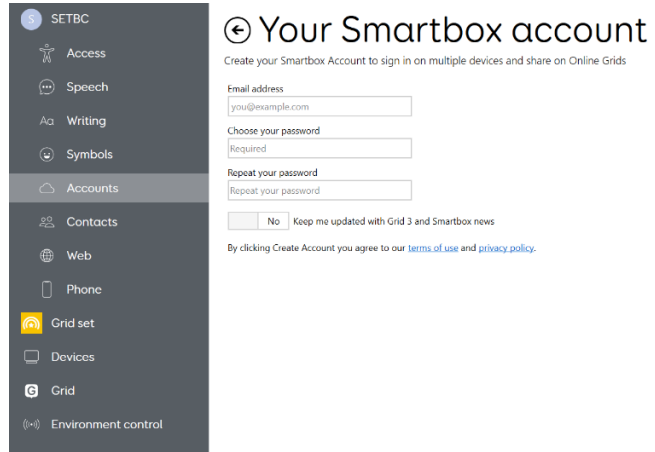

- You are using a Windows based device.
- You are new to using Grid 3.
- You have Grid 3 installed on your device.

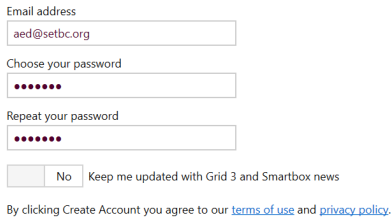

Steps to Follow

Step	Instruction	Visual Depiction
1	Open Grid 3 and open the menu bar (three lines, top left corner).	 <p>A screenshot of the Grid 3 application's menu bar. The menu items are: Home grid (Alt + Home), Back (Alt + Left), Grid Explorer, Edit grid (F11), Edit word list, Settings (F10), Find word (F9), Print, and Grid Guide (Ctrl + G). The 'Settings' option, represented by a gear icon, is highlighted with a red rectangular box.</p>
2	Browse to Settings then click on Accounts.	 <p>A screenshot of the Windows Settings application. The left sidebar shows the 'Accounts' section selected. The main pane displays the 'Accounts' settings page. The 'Smartbox Account' option, which includes a sign-in button and the text 'Sign in on multiple devices and share on Online Grids.', is highlighted with a red rectangular box. Other visible options include 'Email', 'Dropbox', and 'Remote Editors'.</p>
