

Using your myTobiiDynavox Account: Quick Guide

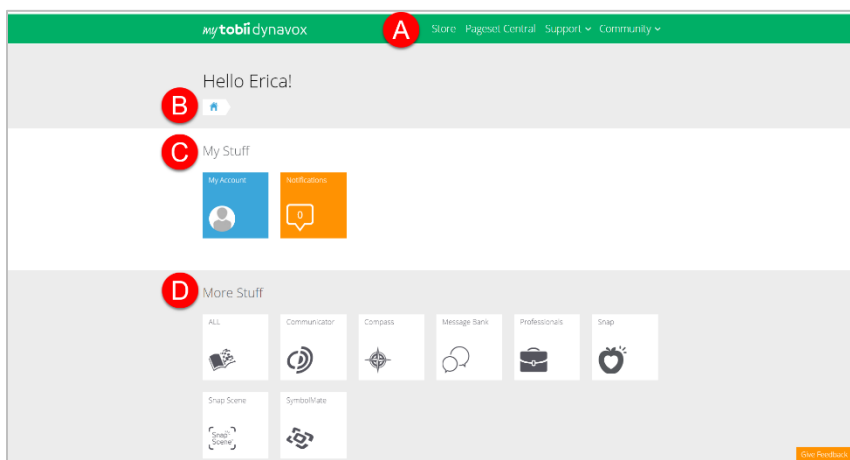

This document describes what is available and how to use a myTobiiDynavox account.

If you need help signing up for an account or registering for the Tobii Dynavox professional account, please use the [Set Up myTobiiDynavox Account](#) quick guide.

What is myTobiiDynavox?

myTobiiDynavox is a free, cloud-based personal website for managing and backing up your communication tools, connecting with your entire communication support team, and sharing communication pages.

When you first create a myTobiiDynavox account, your homepage may look like the following:

- A. Menu Bar** – use the tabs along the top to quickly access tools and resources
- B. Home Button** – select this button to quickly navigate back to this home screen
- C. My Stuff** – add tiles from **More Stuff** to quickly access stored data, resources, and tools specific to each software option
- D. More Stuff** – learn more about specific tools or Tobii Dynavox software

Menu Bar Options

- 1. Store** – view and purchase apps, communication software, premium pagesets, and voices
- 2. Pageset Central** – search, download, and share pagesets for all communication software options

Need help? Use the following [guide](#) to learn how to import page bundles into Snap Core First

- 3. Support** – provides access to resources, documentation, downloads, the Tobii Dynavox support and training page as well as the e-funding page

Resources – Find a wide range of resources including Getting Started with Core First, Getting Started with Communicator, Getting Started with Compass, Ideas for Therapy and Everyday Use, Understanding Compass, AAC 101, Evaluations Tools, AAC Goal Writing, Videos, Myths & Research, and Directions and Documentation

Documentation – access to user manuals, quick start guides, FAQs, page set guides, and release notes for devices, access tools, and software options

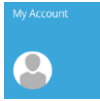

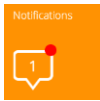

Downloads – direct access to download software options, support apps, legacy software and more

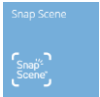

Get Support – direct link to the Tobii Dynavox Support & Training web page. Visit this page to see what live training events are available, watch recorded webinars, visit the Learning Hub to watch on-demand courses including courses for ASHA CEUs, and get access to more resources

E-Funding – direct link to the Tobii Dynavox E-Funding page. Visit this page to learn more about the funding process, complete and submit your funding packet, and manage all documentation in once place

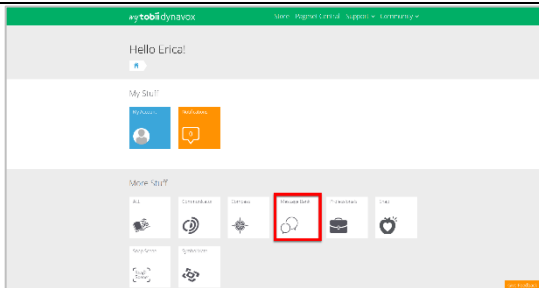

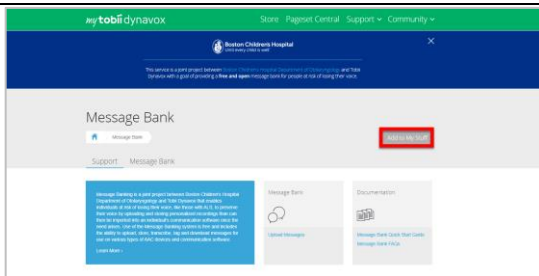

4. Community – provides direct links to the Tobii Dynavox social media handles
