

Green Screen by Do Ink

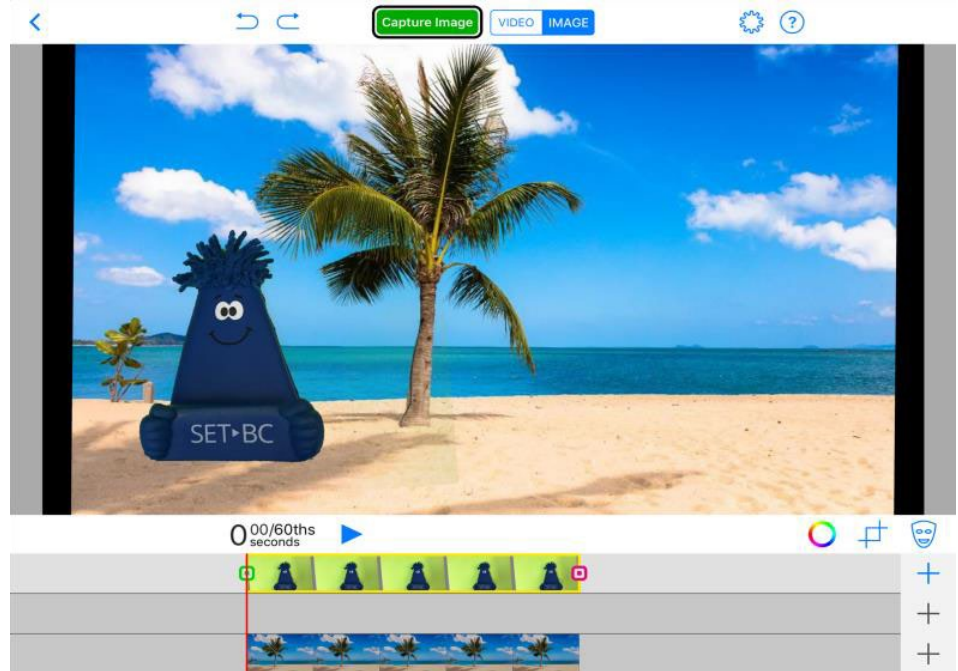

Introduction

Green Screen by Do Ink allows you to create images and/or video using a green screen effect.

Integration Ideas

- Digital storytelling
- Newscasts
- Live reporting
- Portfolios
- Self-reflections
- Demonstrations
- Skits
- Advertisements
- Live dioramas
- Student introductions
- Demonstrate your thinking

Task Challenge Activity

Create a Postcard

- Open Safari  and find a photo of a place you want to visit
- Save the photo to your Camera Roll by tapping on the image, and selecting “Add to Photos” 
- Either download or open the Do Ink app 
- Click the + icon and select ‘Create New Project’
- Click the addition + icon beside the bottom layer to add in your location photo
- Ensure “image” is selected in the top menu bar
- Take a photo in front of the green screen
- Add your green screen photo as the top layer by clicking the + icon and selecting your photo
- Adjust the colouring as needed using the chroma key
- Save your creation by clicking “capture image”, clicking “done” in the bottom right corner, and selecting “save to the camera roll”

Where can I learn how to use it?

Here are some web-based resources that might help you learn how to use Green Screen:

<https://www.doink.com/tutorials>
